Join us for a visit to two renowned Lancashire gardens.

In the morning we travel to Dutton Hall, home of Catherine and Andrew Penny commanding outstanding views of the glorious Ribble Valley. The historic home dates from the 17th Century. The eco friendly three acre gardens have been developed by rose grower Catherine who is a trustee of the Plant Heritage charity. There are more than 200 varieties of roses in the grounds including a plant heritage National Collection of hybrid musk roses. There is also a pond, orangery knot garden and interesting collection of trees. Tea/coffee plus cake are included.

We then have a short drive to Browsholme Hall, home of the Lord Lieutenant of Lancashire and her husband Andrew, which dates back to 1507, the oldest surviving family home in the county. The gardens are set in 600 acres in the Forest of Bowland surrounded by ancient woodland and rolling countryside. Three gardens which have been lovingly restored by Andrew Parker include a pond, a three aces lake, perennial flower beds, pathways, a ha-ha, parterre and yew tree walk. The visit includes a guided tour of the house and lunch (soup and sandwiches).
